

Conflict Mineral Compliance Declaration

Terasic Technologies Inc. will conduct due diligence with our suppliers with regard to the origin of the metals that are used in Terasic products consistent with the OECD Due Diligence Guidance for Responsible Supply Chain of Minerals from Conflict-Affected and High-Risk Areas. We request our suppliers provide evidence of their due diligence activities, and completion of the EICC-GeSI Conflict Minerals reporting template. We also make sure each supplier of own understand and support EICC-GeSI actions and will not knowingly procure metals that are in the DRC area.

If we are aware of a supplier whose supply chain includes metals from the DRC area, or from a conflict source, Terasic will reevaluate the supplier relationship. Terasic expects our suppliers to align with our goal to establish a conflict-free mineral supply chain.

The following table describes the status of Terasic Technologies Inc. products with respect to the conflict mineral status.

Product	Altera Part No.	Conflict Mineral Availability	Conflict Mineral Status
C5G	N/A	Now	In Compliance
